

# S120

## Level Transmitter Submersible Pressure Type

### Primary Application:

Tank Level Gauging for Direct PLC Integration  
Tank Level Indication for Fill Stations  
Tank Level Gauging for Generator Tanks

### Standard Construction:

Stainless Steel Body  
Kynar Cable

Install in 1.5" – 2" Tank Opening  
Rated to 20 Feet Tall Tanks  
24 VDC Power, 4-20 mA or 0-10 VDC Output

### Options:

Integral temperature Sensor (- TS)

### Part Number

S120.420.XX.  
S120.010.XX

### Description

Level Transmitter – SPT, 4-20 mA  
Level Transmitter – SPT 0-10 VDC
