

S121

Level Transmitter Magnstrictive Type

Primary Application:
Tank Level Gauging for Direct PLC Integration

Standard Construction:
Stainless Steel Shaft and Float

Install in 2" – 4" Tank Opening
24 VDC Power, 4-20 mA or 0-10 VDC Output

Options:
Integral temperature Sensor (- TS)

Part Number	Description
S121.1200.XX	Level Transmitter Mag – Depth 4 FT (1200)
S121.2400.XX	Level Transmitter Mag – Depth 8 FT (2400)
S121.3600.XX	Level Transmitter Mag - Depth 12 FT (3600)
