

S150

Pressure Sensor Pressure Transmitter

Primary Application:
Pressure Transmitter for Fuel Piping, Pumps, and Filters

Standard Construction:
0.25 IN (6) NPT Connection to Pipe
Stainless Steel Construction
Quick Disconnect Cable

15 IN Vacuum to 200 PSI Range
24 VDC Input
0-10 VDC or 4-20 mA Output

Part Number	Description
S150.010	Pressure Transmitter 0-10 VDC Output
S150.420	Pressure Transmitter 4-20 mA Output
