

S170

Temperature Sensors Temperature Transmitter

Primary Application:

Temperature Measurement in Fuel and Urea Tanks

Standard Construction:

0.25 IN (6) NPT Connection to Tank
Stainless Steel Wetted Parts
0.50 IN (12) Conduit Connection

0-200 F Range
24 VDC Loop Powered
4-20 mA Output

Specify .XXX Insertion Length IN

Part Number

S170.XXX

Description

Temperature Transmitter –
XXX Insertion Length
