

S171

Temperature Sensors Temperature Switch Adjustable

Primary Application:

Temperature Measurement in Fuel and Urea Tanks and Piping

Standard Construction:

0.25 IN (6) NPT Connection
Stainless Steel Wetted Parts
Quick Disconnect Cable

-25 to 140 C Range

24 VDC

NO – NC Output Contacts

Specify .XXX Insertion Length IN

Part Number

S171.XXX

Description

Temperature Switch – Adjustable
XXX Insertion Length
